

TimeTracker™

A POWERFUL ASSET TRACKING SOLUTION FROM LONGVIEW ADVANTAGE™.

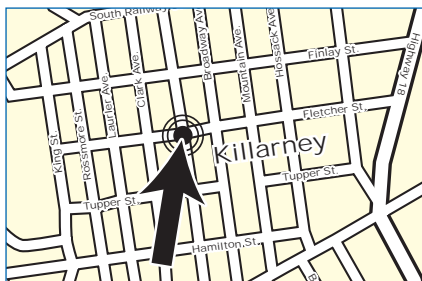

Asset tracking just got a whole lot easier.

For easy, accurate tracking of individual or small fleets of assets, use Longview Advantage's TimeTracker™.

TimeTracker™ harnesses the power of GPS, cellular and Internet technologies to provide the real-time information you need to effectively manage your assets. Real-time engine run-time is instantly available via the Internet 24/7, along with detailed maps that pinpoint the exact location of your assets. TimeTracker™ provides this important information to you regardless of where your assets are located within North America.
