Good to Go- Basic Double: DBSA-12-BD

Light, Audible, & Speed Alarm

Good To GoTM Elite is an in-cab raised dump box alarm kit. Visual alarm with LED Lights, a 95dB audible alarm warning system, configurable Road Speed alarm, and park brake control.

Good to Go- Elite: DBSA-12-E2

HIGHWAY SAFETY CODE COMPLIANT

Advanced features guaranteed to meet Highway Safety Code (chapter C24.2) SAAQ Tipper Truck Regulations in effect September 1, 2020.

IN CAB INSTALLATION

Compact control panel enclosed in highgrade ABS plastic, requires minimal installation space inside the driver cockpit.

INSIDE OUT WARRANTY

2-year Warranty for components.

MADE IN CANADA

Proudly designed and built in Canada to the highest standards of quality, performance, and reliability.

RHODIUM NON-CONTACT MAGNETIC REED SWITCH

Constructed of nylon-glass filled polymer, potted and sealed. Resistant to physical damage caused by dirt, ice and snow, or typical failures with other mechanical micro switches, hydraulic pressure switches, proximity sensors, or electro- optical sensors.

PUP TRAILER ACCESSORIES

Expand safety net by connecting two kits to alarm pup trailers, double booms, and multiple extensions.
