VEILIG RDC-440HD Dashcam

The RDC-440HD Front-View Camera is designed to deliver clear, reliable 1080p video in demanding commercial and industrial environments. Featuring Wide Dynamic Range (WDR) technology, it provides sharp, balanced images in both bright and low-light conditions, while its adjustable viewing angle allows for flexible installation across a variety of vehicle types. The RDC-440HD can also support advanced driver assistance functions, making it an ideal solution for enhanced visibility and fleet monitoring.

VEILIG RDC-440HD DASHCAM FEATURES

- Full HD 1080p Video for clear, high-resolution image capture
- Wide Dynamic Range (WDR) automatically balances bright and dark areas for improved visibility in challenging lighting conditions
- Multiple Viewing Angle Options (60°, 90°, 130°, 150°, or 170°) to suit a variety of vehicle applications
- Compact, Low-Profile Design allows for discreet and flexible windshield installation
- Adjustable Camera Position enables precise alignment during installation
- H.264 / H.265 Video Compression reduces storage requirements while maintaining image quality
- ADAS Compatible for integration with supported Advanced Driver Assistance Systems
- Mirror and Normal Image Modes provide installation flexibility for different mounting locations
- Built-in Audio Recording captures synchronized audio alongside video (where permitted)
- Anti-Vibration Construction designed for reliable performance in commercial and industrial vehicles

**Note: SSDs are third-party components and are covered under the original manufacturer's warranty. VEILIG support is available as needed.*

Disclaimer: The VEILIG System is not a safety-rated device and must not be relied upon as the sole means of protection. It is designed to enhance operator awareness and to support existing site safety procedures. Safe equipment operation remains the responsibility of the operator and site management at all times.

SPECIFICATIONS

VEILIG RDC-440HD

- Resolution: 1920 × 1080 (Full HD)
- Image Sensor: 1/2.9" CMOS
- Viewing Angles: 60°, 90°, 130°, 150°, or 170°
- Video Compression: H.264 / H.265
- Audio: Built-in Microphone
- Power Supply: DC 12V
- Minimum Illumination: 0.1 Lux
- Operating Temperature: -20°C to +70°C (RH 95% Max)
- Storage Temperature: -30°C to +80°C (RH 95% Max)
